member of the International Association of Ice Cream Manufacturers and as a president of the Quality Chekd independent dairy processors cooperative.

He was equally devoted to the Johnstown community, which he served in various capacities over the years. As president of the Chamber of Commerce and the greater Johnstown Jaycees and a board member of several other organizations, Lou was always committed to the region's success.

Lou Galliker was an incredible force for good in the Johnstown region, and he leaves a legacy that will be remembered for years to come. My prayers are with his family.

HONORING DR. MARTIN LUTHER KING, JR.

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Mr. Speaker, I rise today to honor and celebrate Dr. Martin Luther King, Jr.

It is often said that his were the words of a giant who could galvanize all of America around the wonderful concept of the "beloved community."

Dr. King was assassinated in 1968, and so many have come from his spirit, but I thought this year, in the midst of the very divisive fight for voting rights, we could just remember his marches, his words, believing in a dream, and recognizing the goodness of America.

He marched across the Edmund Pettus Bridge. He walked with our friend John Robert Lewis and his other friends Hosea Williams, Reverend Andrew Young, and Ralph David Abernathy. And he always thought that he could never give up, as he went to the White House with Lyndon Baines Johnson and insisted on the 1964 Civil Rights Act and the 1965 Voting Rights Act.

We must honor him in these coming days not by words and tributes but by doing the right thing, building on the democracy that he so much dreamed for, even though his life was cut short, and to thank his family—Martin Luther King III and all of his children and his wife—for the sacrifice they made for America. I pay tribute to Dr. Martin Luther King, Jr.

ENERGY PRICES AT ALL-TIME HIGHS

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. Lamalfa. Mr. Speaker, many areas in northern California and across my district have seen record snowfall due to recent winter storms. That is good in a lot of ways, but we have seen that tens of thousands of residents have been without power for several weeks in freezing temperatures, and our Governor has banned the use of gas-powered generators as a heat and electricity source.

Meanwhile, those who do still have power face all-time high energy costs as they try to heat their homes, thanks to President Biden's anti-domestic energy policies.

On President Biden's first day of office, he canceled the Keystone pipeline, effectively killing 11,000 American en-

ergy jobs and stopping new exploration for oil, which has driven up energy prices and increased our dependence on foreign oil from China, Russia, and the Middle East.

The cost of having our homes heated has increased 30 percent since last winter, and more than one in four Americans reported they were forced to forgo other basic expenses to pay their energy bill in this last year.

Under the climate agenda President Biden has, gas prices are up nearly 60 percent. The cost of propane, kerosene, firewood, and energy are all up over 30 percent from this time last year.

We must reverse these damaging and unnecessary policies and reduce our reliance on foreign oil before more harm can be done to the American people and our economy.
